Professional Summary

Backend Developer skilled in Java, Spring Boot, and Microservices architecture with experience building REST APIs, distributed systems, and secure backend services using Spring Cloud, API Gateway, Eureka, JWT, and ActiveMQ. Familiar with React Hooks, MySQL, Git/GitHub, and Agile development practices.

Technical Skills

- **Languages:** Java, SQL, Python, JavaScript (React Hooks)
- **Backend:** Spring Boot, Spring Security, Microservices, REST APIs, JWT, API Gateway, Eureka, ActiveMQ
- **Frontend:** React.js, HTML, CSS
- **Database & Tools:** MySQL, Git, GitHub, VS Code, Node-RED

Experience

Machine Learning Intern - IBM (Virtual)

Aug 2024 - Sep 2024

- Built a **news article classification system** using Python and Natural Language Processing
- Applied Scikit-learn and Pandas for training and evaluating ML models

Project Leader - IoT-Based Smart Agriculture System -> [GitHub Link](#)

Integral University - Final Year Project, 2024

- Designed a real-time monitoring system using sensors to track soil and environment data
- Led a team to develop a real-time soil and weather monitoring system using IoT sensors
- Used **Node-RED**, **HiveMQ**, **Python**, and sensors (DHT11, Soil Moisture)

Projects

E-Commerce Microservices Platform | 2026

- **Tech:** Spring Boot, Spring Security, Spring Cloud, API Gateway, Eureka, MySQL
- Developed a scalable e-commerce platform using microservices architecture
- Built User, Product, Order, and Payment services with JWT-based authentication
- Implemented API Gateway, service discovery, load balancing, and circuit breakers

Real-Time Order Processing System | 2026

- **Tech:** Spring Boot, Spring Cloud, ActiveMQ, Eureka, MySQL
- Built an event-driven microservices system for asynchronous order processing
- Developed Order, Inventory, Payment, and Notification services using ActiveMQ
- Integrated API Gateway, Eureka, and fault-tolerant communication mechanisms

Education

B.Tech in Computer Science & Engineering
Integral University, Lucknow | 2021 – 2025

CGPA: 8.6 / 10

Senior Secondary (Class 12th), ISC Board | 2021

Percentage: 84.9%

High School (Class 10th), ICSE Board | 2019

Percentage: 80.2%

Certifications

- Certified in Python-Based Machine Learning – IBM (2024)
- Research Paper Published: "*AI-Driven Framework for Soil Quality Assessment in Smart Agriculture Systems*", Volume 13, Issue 3 – May 2025
